ABOUT US

Helping agri-food businesses to build their toolkit.

The second annual Agri-Food Innovation Expo will take place at the Agri-food Hub & Trade Centre in Lethbridge, Alberta. This unique event is hosted in partnership with Lethbridge & District Exhibition and Westerner Park and will alternate between the two venues year over year. The goal of this expo is to provide the agri-food industry with an opportunity to gather and celebrate food production, share information, learn, and grow and most importantly to network with other like-minded food industry professionals.

Topics covered will include consumer trends, marketing, supply chain challenges and opportunities, food safety and sustainability, innovative food technology and production systems, as well as business solutions such as financing and attracting investment.

Participants will leave the event with a "toolkit" of knowledge that will help them as they develop and expand their businesses and create new opportunities in the sector.
